Commissioner for Patents

The Information Disclosure Statement filed on February 14, 2010 has been received and entered. The references cited on the PTO-1449 Form have been considered by the examiner and a copy is attached to the instant Office action. Note that several references have been lined through because they represent improper citations due to missing dates and because the references do not have a date recorded on them. In addition, a reference was lined through because it was given the date of the Official Communication instead of the publication date of the reference which was missing from the actual reference.
